OG UNDERGROUND GYM · MEMBER GUIDE

MAKE IT AN APP

Save **ogundergroundgym.com** to your phone's Home Screen or your computer's Desktop — then open it with **one tap**, just like an app. No app store, no download.

01 IPHONE & IPAD

SAFARI

1. Open **Safari** and go to **ogundergroundgym.com**. (Use Safari, not a link inside another app.)
2. Tap the **Share** button at the bottom of the screen (the square with an arrow pointing up).
3. Scroll down the menu and tap **Add to Home Screen**.
4. Tap **Add** in the top-right corner. The OG Underground Gym icon now sits on your Home Screen like any other app.

3. **Chrome: Cast, save, and share** → **Install page as app...**
   Edge: Apps → **Install this site as an app**
4. Click **Install**. It opens in its own window — pin it to your **Taskbar** (Windows) or **Dock** (Mac).

04 MAC

SAFARI ON MACOS SONOMA OR NEWER

QUICK TIP

The first time you open it from your Home Screen, **log in and check "Remember me"** (or let your phone/browser save your password). After that, one tap takes you straight to your **workouts, leaderboards, and video submissions**.
